#### What Our Parents & Students Say

Golamudi Renuka

IIT Hyderabad

The foundation the teachers laid in my class 9 & 10 was what motivated me for continuing my preparation for JEE in class 11 & 12. It was the small everyday steps that led to a huge difference.

Sree Chakravarti

Even now, I look up to the AhaGuru teachers as my inspiration and role models. If you're looking for the right place to learn Math & Science the fun way, this is the place for it.

Prajwal Vijay
IIT Madras

The main difference I found at AhaGuru was that they focus on the right way to learn while other coaching institutes only focus on preparing you for the exam. Thank you AhaGuru.

Avani Lakshmi Udupa IISc Bangalore

I was keen on getting admission to courses in pure Mathematics. AhaGuru course structure with its emphasis on self-study significantly helped me in covering the extra material and achieve my goal.

Preetha Sathish Mother of Varsha (AIIMS Bhubaneswar)

My daughter used to earlier find Science difficult because she used to feel there's a lot of mugging up to be done. But after she came to AhaGuru, she understood the methodology of how to learn and I think it helped her to retain concepts in her memory for a long time.

C. Krishnan & Jaya
Parents of Rishabh (IIT Madras) &
Maalavika CS (IIT Bombay)

Our elder son Rishabh was with AhaGuru and studied at IIT Madras. We didn't think twice while enrolling our younger daughter Maalavika also at AhaGuru and our trust in their teachers' ability and the unique teaching methods has been justified as she too has cracked JEE Advanced.
